**Here's what to expect...**  
 Animal talks are a great way to learn about our animals. Animal talks are usually done on a microphone and last around 7 mins.  
 Animal chats are quieter chances to meet our Zoo Rangers and ask any animal questions.  
 Discover activities are a hands on way to find out about our science and conservation work with interactive touch tables, amazing props and animal artefacts

**SEE THEM, SAVE THEM.**

There are over **27,000** animals at Chester Zoo. All roaring, flying, jumping, munching, snoozing and playing happily in **125 ACRES** of fabulous gardens.

Even more importantly, many of our animals are among the most **EXOTIC** and **ENDANGERED** in the world - look out for our **ANIMAL ID SIGNS** which show you how endangered they are. We're working around the world to protect animals, plants and habitats from **EXTINCTION**. And anything you buy at the zoo helps fund this **VITAL** work. So...
